Crime Prevention Checklist

Euro cylinder locks

Love your locks. You deserve the highest standards

Are the cylinder locks on your UPVC doors up to standard?

Do they stick out from the door handle?

Is the door handle secure?

Supported by

PATLOCK**Euro Cylinder Locks - Key Facts:**

- All euro cylinder locks on the external doors to your home should either meet TS 007 (3 star rating) or Sold Secure Diamond Standard for lock cylinders (SS312)
- Door handles should meet TS 007 (2 star rating)
- Cylinders should be measured correctly and fit flush to the handle or door
- The installation of sash jammers can also act as an extra deterrent
- The Master Locksmiths Association is the industry authority for locksmiths in the UK - www.locksmiths.co.uk
- Consider setting up a Neighbourhood Watch scheme on your street

Crime Prevention Checklist

Sneak-in Burglary

Sneak in burglars want what's yours
Always lock windows & doors

"I'll lock the door when I've finished my tea."

"We just lock the door before we go to bed."

"I just leave my bags and laptop by the door when I get in....."

Sound familiar?

PATLOCK**Sneak-in Burglary - Key Facts:**

- Doors and windows should be locked at all times - it only takes 60 seconds for someone to reach through an open door or window
- Lock the doors, take the key out, don't leave it on view or in reach of a letterbox or cat flap
- Always know where the house key is in case you need to get out in an emergency
- Don't leave bags, laptops, tablets or keys just inside the door
- Make sure everyone in your home gets into the habit of being more secure
- Consider setting up a Neighbourhood Watch scheme on your street
